Dear valued customer,

Thank you for choosing MACHEREY-NAGEL for your application. We have attached a short protocol for your review.

To obtain the best results we recommend to follow the detailed protocol available online, especially when you are a first time user of this kit.

All important links to the above mentioned product are listed in this leaflet.

Important information regarding product components, specifications, safety instructions, and processing protocols, can all be found on the product website and accessed easily via the QR code.

QR-Code product website

[qr.mn-net.com/qr/\(241\)740544](http://qr.mn-net.com/qr/(241)740544)

Use the following QR code or the link below for direct access to the user manual.

QR-Code user manual

[qr.mn-net.com/qr/\(IFU\)740544](http://qr.mn-net.com/qr/(IFU)740544)

It is strongly recommended to read the detailed protocol section of the user manual if using the kit for the first time.

We are constantly improving our products and we reserve the right to make changes or additions to protocols. Please check for updated revisions for previously downloaded manuals.

This is a short exemplary overview of protocols available in the manual and does not replace the full manual!

Protocols for NucleoBond® RNA/DNA 80 / 400

- Isolation of RNA and genomic DNA from bacteria, yeast, and small amounts of eukaryotic cells
- Isolation of RNA and genomic DNA from eukaryotic cells and tissue
- RNA clean-up of liquid samples and reaction mixtures

Protocols for NucleoBond® CB 20 / 100 / 500

- Isolation of genomic DNA from blood and cell cultures

Protocols for NucleoBond® AXG Columns and NucleoBond® Buffer Set III / IV

- Isolation of genomic DNA from bacteria
- Isolation of genomic DNA from yeast
- Isolation of genomic DNA from tissue

QR-Code Safety Data Sheet

Please find a digital version of the safety data sheets by following the link below:

www.mn-net.com/sds

We strongly recommend to carefully read the detailed protocol section of the product's user manual. If you have any questions about the protocol or product, please contact our Technical Support.
