Easy handling

How it works

With *QuantifyGo*®, you can now evaluate your QUANTOFIX® test strips digitally and easily – directly with your smartphone and without in.stalling an app.

1 Scan the QR code on the folding box or on the inside of this flyer.

2 Press the “Scan” button in the *QuantifyGo*® application.

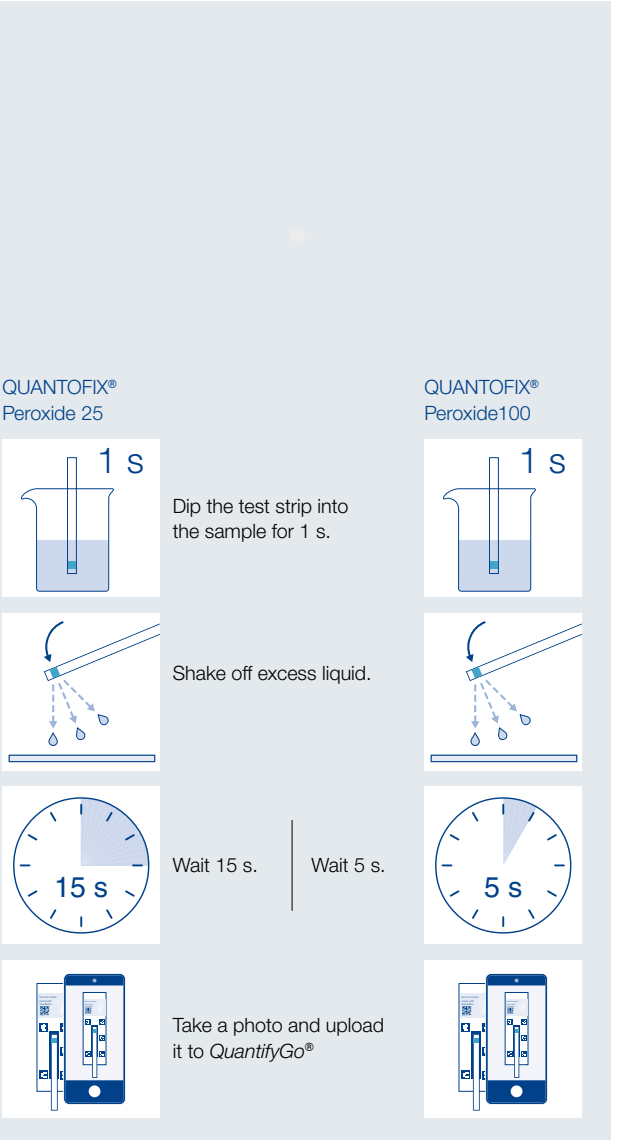
3 Place the test strip (after dipping it into the solution) onto the scanning template and take a photo.

4 Your result appears immediately on the screen.

Test it yourself!

Experience the live digital evaluation of your QUANTOFIX® test strips with *QuantifyGo*®.

Place the test strip on the designated side of the folding box or directly onto the scanning area on the inside of the flyer!



Try it now!

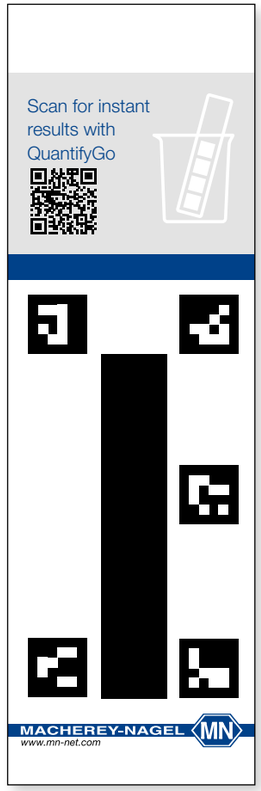
Clear readings – objective, seamless, and free of charge!

- Scan the QR code with your smartphone
- Place the strip on the box graphic below
- Get your digital result instantly

Good to know

Optional registration for team features, data storage, and downloads.

Scan the QR code to go directly to *QuantifyGo®*!



QuantifyGo®

One tool. All data. Endless possibilities.

Instant reporting

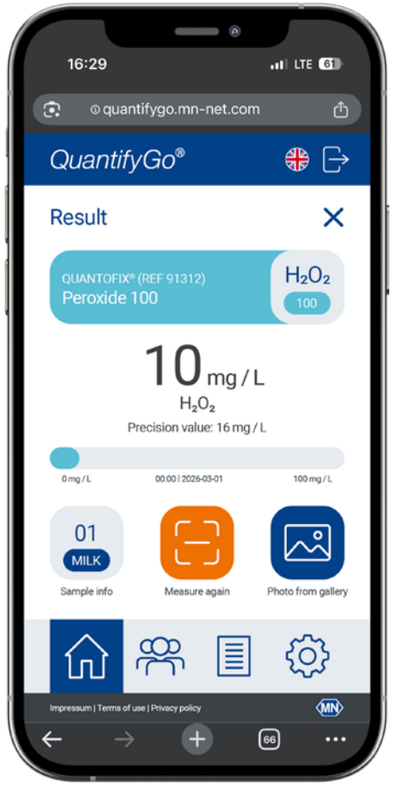
Get objective readings in mg/L. Our innovative technology detects the finest color gradations and calculates precise intermediate values – for results you can rely on.

Your data, your structure

Make your analytics meaningful. Add sample types, locations, or individual notes directly to every reading for seamless traceability.

Collaborative teamwork

Digitalization is a team effort. Share results with colleagues in real-time – the ideal solution for efficient shift handovers and cross-site quality assurance.



Documentation made easy

Keep track of everything. Filter your history and conveniently export all data as a PDF report or Excel file for your audits.

Scan and go

Forget about storage space and IT approvals. No download, no installation – simply scan the QR code and start your digital evaluation instantly in your browser.

Free digital upgrade

Benefit from professional analytics at no extra cost. All features – from guest mode to data export – are included for free for QUANTOFIX® users. Transform your smartphone into a measuring device without any investment.

QuantifyGo® – Flexible and mobile

- Mobile analysis directly on-site
- No investment required
- Objectivity through digital analysis
- Digital data management included
